

Other forms of ID accepted at Fort Benning Access Control Points:**Veterans and Gold Star families**

Gold Star ID cardholders and those with Veterans Affairs hospital-issued identification can use these forms of identification to access Fort Benning without a visitor pass or background check. Proceed to any Access Control Point as you normally would and present your identification.

State and Federal Law Enforcement and Investigative Agencies

Your official credentials will be accepted at Fort Benning Access Control Points as a valid form of identification.

Agent Cards

Individuals with an Agent Card are authorized to apply for an Automated Installation Entry badge. The AIE badge is valid for one year and allows the individual to unescorted access onto Fort Benning without a visitor pass. The badge must be renewed annually and cannot be used to sponsor other visitors to Fort Benning.

An Agent Card allows a specific named person to shop for or with an authorized patron on a temporary basis not to exceed one year, and is renewable annually. Patrons who are disabled, eligible children with non-military parents and eligible extreme hardship cases are examples of situations where a caregiver or non-military parent would be authorized an Agent Card. For more information on Agent Cards, contact the Fort Benning Directorate of Human Resources.
